VIII. Additional Information or Explanations

	ADDITIONAL INFORMATION OR EXPLANATION
1.	Part VII: Lines reflecting no income are so reported because none was attributed to those particular holdings during the reporting period, whether taxable, tax exempt, or tax deferred, or because the investments do not allocate income to individual holdings, but instead are credited only in unit value.
2.	Part VII: Positions within the 529 Plans listed as bought or sold on 12/31/25 represent certain investment holdings of one or more structured portfolios managed and made available by the custodial investment bank. The filer has no dominion or control over the holdings of any such structured portfolio investments, and information regarding the purchase or sale of investment positions within these structured portfolios is not readily available to the filer. As such, the investment positions within these portfolio investments are reported as purchased or sold on the final day of the reporting period such that this disclosure accurately reflects the filer's ownership of the portfolio's subsidiary investment positions as of that date.
