VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Part VII, line 7: With respect to underlying assets, the filer does not have either the right or the ability to select individual holdings within this account other than to select the level of risk (moderate). The filer does not have the right or ability to direct sale or purchase transactions within this account, as those are dictated by Schwab based upon the selected level of risk within the parameters established with the firm. Income is not allocated to individual holdings within this plan, and the plan does not provide information regarding the transactions it performs. The individual positions and their values currently controlled by Schwab and credited to this account are identified at lines 8-24; they are subject to change by the plan without the filer's knowledge or control. This plan was established for the filer by the filer's former law firm and, despite request, no additional information is available.

Part VII, line 8: The entity was dissolved.

Part VII, Column B: Lines reflecting no income are so reported because none was attributed to those particular holdings during the reporting period, whether taxable, tax exempt, or tax deferred, or because the investments do not allocate income to individual holdings, but instead are credited only in unit value, per page 45 of the filing instructions.
