VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Part VII, Column B: Lines reflecting no income are so reported because none was attributed to those particular holdings during the reporting period, whether taxable, tax exempt, or tax deferred, or because the investments do not allocate income to individual holdings, but instead are credited only in unit value.

Part VII, Lines 131-134: These are short sales to open previously unowned positions, followed by buys to cover and close. Consequently, there is no remaining value following the final purchase.

Part VII: Account #8: This account and its contents became reportable without any corresponding reportable transactions, (X).
