VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Part VII, Column B: Lines reflecting no income are so reported because none was attributed to those particular holdings during the reporting period, whether taxable, tax exempt, or tax deferred, or because the investments do not allocate income to individual holdings, but instead are credited only in unit value.

Parenthetical numbers in Part VII are CUSIP numbers which, like ticker symbols, are standard asset identifiers. They contain no security-based information.

This report has been reorganized by account, with assets listed in brokerage order. As a result, more than one line of the current report may correspond with a single line in the prior report. This is not indicative of reportable transactions.

Minor discrepancies, if any, between periodic and annual transaction details are the result of software limitations, brokerage reporting practices, and/or the effect of market changes affecting reportability.
