VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Part VII, Column B: Lines reflecting no income are so reported because none was attributed to those particular holdings during the reporting period, whether taxable, tax exempt, or tax deferred, or because the investments do not allocate income to individual holdings, but instead are credited only in unit value.

Part VII: The ticker symbol for Hyatt Hotels Corporation is (H).

Part VII: Assets with transactions in Column D, but no value or method in Column C, are so reported because following a reportable transaction, they became unreportable without a corresponding reportable transaction. All income, reportable value, and reportable transactions are listed in Part VII.

Parenthetical numbers in Part VII are CUSIP numbers which, like ticker symbols, are standard asset identifiers. They contain no security-based information. Assets with CUSIP numbers are bonds unless otherwise noted.

Part VII, Line 230: This transactions was previously reported as "Buy add'l" and is amended herein.
