VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

As to the accounts delineated in Part VII, Nos. 5-18, they are all portions of two 401(k)/Horizon plans into which I enrolled while a state court judge. All of them consist of investment accounts where a manager selects various mutual and other types of funds into which the collective monies of the account are placed for a period of time. When an employee elects to direct a portion of his or her earnings into said account, he or she receives a number of "shares" equal to the amount invested at the current price of the share. During any periods of time, the price of the shares may go up or down. When the employee exits the plan and/or otherwise sells the shares, there is potentially "income" cognizable at that point. However, during the periods when the employee leaves the shares in the account, there is no calculation of (or apparently any way to calculate) income to the employee in that situation as the employee is not informed of the transactions engaged in by the account manager. I contacted the staff for the Committee on Financial Disclosure in 2016, explained the above scenario, and was advised to leave the Part VII(B)(1) column blank and to put the word "none" in Part VII(B)(2).
As to Trust # 1, there was no income received or generated by said [redacted] trust in 2022.
